LONDON, Feb. 26.-Inquiries were at the foreign office and at the Turkish embassy to-day, regarding the dispatch from Constantinople, published by the Times this morning, saying that the marquis of Salisbury has sent a reply to the invitation forwarded to Great Britain by the sultan through the Turkish ambassador here, to regulate the situation in Egypt with sugerain power for Great Britain on the basis of guarantees being furnished for the security of communications between England and India.

The premier was said to have answered that the propositions were too vague and the sultan thereupon was reported to have appointed a commission to formulate definite proposals on the subject. Turkish embassy to-day, regarding the

The Generals Stand by the Present Organ-tzation-The Crisis About Over. NEW YORK, Feb. 28.—At Salvation

Several subordinate officers were questioned as to the state of affairs and the probability of secession, but all gave very guarded replies.

NEW YORK, Feb. 26.—Money on call easy at 3@4 per cent; last loan 3 per cent; closed offered at 3 per cent. Prime

The stock speculation to-day was an out and out professional affair, with the bulk of the business centering in three industrials and two railroad stocks. The movement of prices was irregular, with a steady downward trend. Realizing sales were the feature of the day, but the range of fluctuations was in the main narrow. American Tobacco and Sugar were about equally active, and recorded transactions considerably in excess of any of the other shares. The trading as a whole showed a falling off of about 35,000 shares as compared with yesterday's aggregate. The tone at the opening, in responsibly higher quotations in London and moderate purchases of stock sold for that account in this market yesterday was firm, and prices were slightly higher. Liquidation soon became apparent with the result of raids by the bear professionals. The latter contingent selected Leather preferred as a point of attack, in connection with the publication of unfavorable forecasts of the annual report of operations, in advance of the meeting of the board of directors. The stock declined 2% per cent. The pressure to sell in the market abated soon after the end of the first hour and a purchasing movement by the shorts resulted in railies, which in a few instances were noteworthy. Tobacco was marked up 1½ and Pacific Mail 1½ per cent. The gains were held in most cases until late in the afternoon, when liquidation in Tobacco set in apparently for inside account, and carried its price down 2% per cent. Declines of slight importance occurred in the general marked, but Leather preferred dropped 1½; Baltimore & Ohlo 1½ per cent. The gains were held in most cases until late in the afternoon, when liquidation left off steady in tone and at general net concessions in prices as a result of the day's operat

ooo. The market ruled firm at un-ye changed quotations.
Government bonds firm.
State bonds inactive.
Railroad bonds casier.
Evening Post's London financial cablegram:
The markets opened firm all round to-day, but speculative stocks fell away on realizations and closed dult, including Argentines.
American shares were neglected, closing dult, mostly under the parity.
Silver securities were strong. Copper keeps up firm. Produce shows an up-ward tendency which, by some, it is argued, means a fall in stocks. But, failing political complications, such is not the view held in the best quarters.
The Paris and Berlin markets were dull and rather weak.
